## Web Site Hosting DMAC Design & Development

(With FREE on-line web site builder program)

Do you need a web site for personal or business use, but don't know where to start? Confused by all the jargon? You don't understand how to FTP, or code in HTML.

You don't want to pay a fortune for your web hosting, or pay a fortune for a web site design. You want the ability to do it yourself, without having to learn any complicated programs. Our budget web hosting plans may be just what you are looking for. These plans are ideal for beginners who want to get their feet wet without paying a fortune. However if you decide to get serious, and build a full blown ecommerce site with all the bells and whistles, you can upgrade to one of our Business or Ecommerce web hosting plans at any time. Just look at what you get, starting from only AU \$9.00 per month:

- FREE site builder (build your web site online. No programming or design knowledge required).
  - FREE POP Email accounts
  - FREE spam filter
  - FREE antivirus protection
  - FREE email auto-responders
  - FREE Front Page Extensions
  - FREE Site statistics program
  - Easy to use web based control panel
  - 99.9% uptime
  - Daily server backups
  - Unlimited technical support
  - Full FTP access
- Our budget web hosting plans might be at a budget price, however they are not budget in features, security or reliability. Your budget web hosting plan will be hosted on the same carrier class servers as our Business & Ecommerce web hosting plans, with daily backup, dual Intel Xeon CPU's & Raid hard disk arrays for the ultimate in security & reliability.
